- Belt-clip

45-second Electronic skip protection

Electronic skip protection detects shocks automatically and allows music play continuously with 45-second music buffer.

20-hour playback (2 x AA Alkaline batteries)

Powersaving technology extends battery playing time to 20 hours with two regular LR6-size (AA) alkaline batteries.

Digital dynamic bass boost

Enhances bass at low, mid and high volume, to give deep, rich sounds.

Plays CD, CDR and CDRW discs

Ensures that both CD-Recordable and CD-Rewritable discs, made by any CD-Recorder, can be played.

All CD program modes

Let you enjoy various CD program modes (repeat one/ repeat all/ shuffle/ repeat shuffle/ introscan).

Heat resistant body

Unique composite material enables the CD player to withstand very high temperature.

1-Bit D/A converter

Advanced digital conversion technology ensures crystal-clear sound.

Hold

Locks all buttons to prevent interruption of play or change of program settings.

Resume

Bookmark function that ensures the CD starts precisely from the point it was stopped.

Automatic power off

Automatically switches off the CD player at the end of a compact disc.

CD next/ previous

Plays the next or previous track at the touch of a button.

CD music search

Searches the CD at high speed while still producing low-volume sound so you know exactly when to stop.

Repeat one/ all

Repeat the current track or the total CD.

Shuffle

Plays disc selection randomly, giving you each time a new sequence of tracks.

30-track programmable

Stores up to 30 of your favourite tracks for playing back in your order of preference.

Audible feedback

Confirms any key-push with friendly beep to acknowledge that a command has been given.
